Super-X Clay Target Shot Cartridges
These cartridges are loaded to increased velocity
and pressure. They chould be used only in arms
in good condition designed for cartridges with
such increased pressure and velocity.

This box was loaded in the 1940's but was probably in a warehouse for 20 years. So to sell it they had to add a Child Warning label. This is the same box as LRS-12 (without the warning).

No **CLAY TARGET and EXTRA CLEAN and WAX** COATED moved.

22 LONG RIFLE

Super-X 22 L. R. Shot Cartridges

Recommended for miniature clay target shooting with a smooth-bore rifle. Assure maximum patterns. Reasonable care in the manufacture of these cartridges is guaranteed, but no further responsibility is assumed. MADE IN U. S. A.

WESTERN CARTRIDGE CO., East Alten, III., U. S. A.
